## DR-1X Installation and Upgrade Program

First and foremost, *Yaesu would like to thank you* for your active interest in our DR-1X/System Fusion Digital Line of products. The System Fusion program is the result of many hours of market research, development and testing to provide our customers with one of the most remarkable products in the Amateur Radio Community today: A 5/20/50 Watt (20w @ 100% Duty Cycle), Dual Band, Dual mode repeater system with both analog and digital capability offering true integration with all aspects of VHF/UHF Repeater infrastructure.

We believe that the DR-1X System Fusion Repeater and transceivers provide important new features that contribute to the community by allowing operators to smoothly transition between Analog and Digital operation on either the VHF (2m) or UHF (70cm) bands. The ultimate goal of System Fusion is to provide Digital integration without creating a need to upgrade or replace existing equipment.

To show our appreciation to *all* of our customers, Yaesu would like to extend to you a special opportunity to purchase a *Production DR-1X repeater at a substantially discounted price.*

Thank you once again for your participation and Interest in Yaesu Products!

### Participant Requirements

- Agree to not resell any hardware for at least 1 year.
- Place DR-1X Repeater on the air operating in the area listed on your application for a period of at least 1 year.
- Repeater must be on the air for no less than a period of 1 year.

### Pricing / Term and Conditions

- Please only submit the form using once using one single method (Fax, E-mail or Postal Mail).
- Provide Yaesu the application form, Call sign, TX/RX frequencies, and CTCSS Tone setting information for the proposed repeater.
- Yaesu will sell a DR-1X to your club for the price of **\$600 USD**.
- This program is valid from *January 1st, 2016 to March 31st, 2016. **Pricing and Terms are subject to change.***
- You may pay by: Check, Money order, Visa/MasterCard/American Express (Sorry Discover is not accepted)
- **Preferred delivery method is via email, though we accept applications via Fax and Standard postal mail.**
- Please allow up to 8 weeks for delivery.
- **You may order as many repeaters as you would like**, but each repeater must be actively coordinated (or officially be under construction with proof from your local coordinating council/body).
- **Both pages of the application must be completed and signed.**

<u>Sales Support &amp; Application Submission / Fax / Mail</u> YAESU USA Attn: DR-1X Program Administrator 6125 Phyllis Drive, Cypress, CA 90630 Phone: 714-827-7600 Option #3 FAX: 714-827-8100 E-mail: <a href="mailto:dr1xprogram@yaesu.com">dr1xprogram@yaesu.com</a> <b>[When sending mail or email include Attn: Administrator System Fusion Installation Program]</b>	<u>Technical Support Contact</u> <b><u>Please direct All technical questions to:</u></b> YAESU USA CUSTOMER SERVICE 6125 Phyllis Dr, Cypress, CA. 90630 Phone: 1-714-827-7600 Option #8 E-mail: <a href="mailto:amateurtech@yaesu.com">amateurtech@yaesu.com</a>
--	---

This form will be entered in our database of Potential DR-1X Installation Program Candidates; completion of the form does not guarantee that upgraded or new units will be provided. If you are accepted to participate in the Installation program, we may request additional information regarding your repeater site/installation. Credit cards will not be charged until the order has shipped. **Please provide a separate application for each repeater you would like to order. A valid signature is required.**

- Type of Application:**
- \$300 Upgrade (Beta Testers only)
  - \$600 Keep DR-1 Beta & Upgrade to DR-1X (Beta Testers Only)
  - \$600 New Repeater/Non-Beta (If you were *not* a beta tester, select this)**

**Please provide the current repeater information:**
